Merry Christmas and a Happy New Year from all of us at CELCO. We hope that you and your family enjoy health, happiness and prosperity throughout the coming year.

In addition to the usual desk calendar and colored map of the United States, we have included a new filler set for last year's holder. Perhaps you would like to update your other desk calendar and pass it on to one of your associates to say "Happy New Year."

Thank you for the opportunity of working on your CRT display problems in the past, and we look forward to an interesting future as we develop faster High Resolution Displays.

Best regards,

John M. Constantine
